

SAFIULLAH

SOFTWARE ENGINEER

+92 3333139121 | safiarain273@gmail.com | LinkedIn: Safiullah Arain

PROFESSIONAL PROFILE

Software Engineering student with hands-on skills in Java, C, HTML, CSS, JavaScript, and computer networking, including Cisco Packet Tracer. Developed a Networking Calculator application to streamline complex networking tasks. Driven to expand knowledge across full-stack development and robust system architectures.

Languages: Punjabi (Mother Tongue), Urdu, English

EDUCATION

Iqra University 2024 – Present

B.S. in Software Engineering (2 Years Completed) — Karachi, Pakistan

Government Boys High School Digri Completed

Intermediate in Pre-Engineering — Mirpurkhas, Sindh

PROJECTS & EXPERIENCE

Computer Networking & Calculator Tool

- Designed and built a specialized **Networking Calculator** to simplify subnetting, IP addressing, and network configurations.
- Modeled, structured, and managed complex local area network (LAN) topologies using **Cisco Packet Tracer**.

Software Management & OOP Applications

- Developed and executed multiple core programming and desktop projects leveraging **Java** and **C**.
- Implemented solid **Object-Oriented Programming (OOP)** methodologies such as inheritance, polymorphism, and encapsulation to create clean, reusable code structures.
- Designed and deployed an interactive, logic-based **Quiz Game Project** to demonstrate structural flow and program performance optimization.

TECHNICAL SKILLS

Programming: Java, C, HTML5, CSS3, JavaScript, Object-Oriented Programming (OOP)

Networking: Computer Networking, Cisco Packet Tracer, Network Subnetting & Planning

Soft Skills: Problem Solving, Research & Analysis, Team Leadership, Technical Communication

CERTIFICATIONS & ACHIEVEMENTS

- Certified — HP Foundation

- Software Development Intern — CodeAlpha
- Participant / Awardee — Iqaverse Sportika
